FL-1700P **High-Intensity UV Lamp**

PORTABILITY AND VERSATILITY AT A PRICE YOU CAN AFFORD!

JUST CHECK OUT THESE GREAT FEATURES:

- High Performance — Produces higher UV intensity than competitors' 12-volt lamps.
- "Instant On" Operation — Enables you to perform inspections immediately at the push of a button without waiting for warm-up.
- Impact-Resistant, Dent-Proof Housing — Made of a super-tough engineering polymer.
- Compact Lamp Head — Only 5 1/4" W x 7 1/2" L (13 x 19 cm) at its widest point, its compact size enables you to work in tight spaces.
- Excellent Portability — Battery-operated unit weighs only two pounds.
- Longer Battery Life — Consumes 50% less power than competitors' 12-volt lamps, doubling battery life.
- Versatile 18" Curly Cord, that extends to over 4' (1.1 m).
- Flexible Silicone-Rubber Filter Holder — Can be removed without tools for quick and easy bulb replacement.
- Filter Protector/Lamp Stand — Helps prevent filter damage and serves as a convenient stand.
- Free Safety Glasses — UV-absorbing glasses are included at no extra charge.
- Battery Pack — Western's 7 Amp Hour Battery Pack is typically supplied with the FI-1700P. This includes Western's superior 2 Amp Smart Charger (115 or 230 Volt models available). The Battery Pack is supplied with our PVC Impregnated Canvas Pouch with both shoulder and belt straps. The Battery Pack is equipped with a single 12 Volt outlet (cigarette lighter type), and is available with an optional second outlet so the same Battery Pack can be used for a 12 Volt Yoke (WC-8) and the CH-50P/12 Black light.

SPECIFICATIONS	CH-50P/12
